Professional Summary

Full Stack Developer with hands-on experience designing, developing, and deploying scalable SaaS applications using Next.js, React.js, Node.js, TypeScript, and Firebase. Proficient in payment gateway integrations (Stripe, Zoho), webhook implementations, real-time notifications, and cloud deployment. Passionate about writing clean, maintainable code to deliver efficient, high-performance solutions.

Technical Skills

Languages: TypeScript, JavaScript, Python, Java, SQL

Frontend: Next.js, React.js, Redux, HTML5, CSS3, Tailwind CSS, Framer Motion

Backend: Node.js, Express.js, Django, REST APIs, Webhooks

Payment and APIs: Stripe, Zoho Payments, Resend API, Telegram API, Postman

Databases: Firebase, Firestore, MongoDB, MySQL, PostgreSQL

Tools: Git, GitHub, Firebase Hosting, Vercel, Notion, VS Code, Warp, Ngrok

Other: Agile, CI/CD, JWT Authentication, Cloud Deployment, API Testing

Professional Experience

Full Stack Developer

Nov 2025 – Jan 2026

Indian Capital and Investment (Coimbatore) Limited

- Integrated multiple payment gateways including Stripe and Zoho Payments with webhook handlers for real-time payment notifications
- Built and maintained Next.js application with Firebase App Hosting and Firestore database management
- Implemented automated signup and payment alerts using Resend API and webhook configurations
- Created comprehensive technical documentation, blog posts in Notion, and managed Git repositories with CI/CD workflows

Software Developer

Jul 2024 – Aug 2025

Vasnaani Education

- Engineered and maintained full-stack web applications ensuring scalability, security, and optimized performance
- Integrated REST APIs with React frontend modules, improving data consistency and reducing API response latency
- Implemented efficient state management using Redux and modular component architecture
- Collaborated in an Agile environment, participating in sprint planning, code reviews, and Git-based version control

Full Stack Developer Intern

Jan 2024 – Jun 2024

Hoping Minds, Mohali

- Developed reusable React components integrated with Django REST Framework APIs
- Improved UI/UX using Tailwind CSS, optimizing rendering performance and mobile responsiveness
- Contributed to Agile sprints and implemented CI/CD workflows using GitHub Actions

Education

Master of Computer Applications

2022 – 2024

Chitkara University, Punjab — CGPA: 7.14

Bachelor of Computer Applications

2019 – 2022

The Bhopal School of Social Sciences (BSSS) — Percentage: 69.4

Projects

TempusMail SaaS Platform

Next.js, TypeScript, Firebase, Stripe, Zoho Payments

- Built a production-ready email hosting SaaS with subscription management and payment integrations
- Implemented webhook handlers, automated email notifications using Resend API, and real-time database synchronization

WorkBoard Task Manager

Django, React, Redux, REST API

- Developed a Kanban-style task manager with drag-and-drop functionality and role-based access control
- Implemented RESTful APIs for real-time task updates and data synchronization

SkillUp Learning Platform

React, Firebase, Firebase Authentication

- Built a responsive Learning Management System using Firebase Authentication and real-time database
- Enhanced interactivity through optimized routing and custom React hooks

Certifications

Full Stack Development – Hoping Minds (2024)

React and Redux – Complete Coding (2024)
